the oxford handbook of social networks gathers forty leading scholars in social networks who link the distinct practices of social network scholars in the social sciences each chapter provides a succinct background to and future directions for distinctive approaches to analyzing social networks theoretical methodological or substantive the handbook serves as a resource for graduate students and faculty new to networks looking to learn new approaches scholars interested in an overview of the field and network analysts looking to expand their skills or substantive areas of research

this volume explores in depth femicide and feminicide bringing together our current knowledge

on this phenomenon and its prevention no country is free from femicide feminicide which represents the tip of the iceberg in male violence against women and girls therefore it is crucial and timely to better understand how states and their citizens are experiencing and responding to femicide feminicide globally through the work of internationally recognised feminist and grassroots activists researchers and academics from around the world this handbook offers the first in depth global examination of the growing social movement to address femicide and feminicide it includes the current state of knowledge and the prevalence of femicide feminicide and its characteristics across countries and world regions as well as the social and legal responses to these killings the contributions contained here look at the accomplishments of the past four decades ongoing challenges and current and future priorities to identify where we need to go from here to prevent femicide feminicide specifically and male violence against women and girls overall this transnational multidisciplinary cross sectoral handbook will contribute to research policy and practice globally at a time when it is needed the most it brings a visible global focus to the growing concern about femicide feminicide underscoring the importance of adopting a human rights framework in working towards its prevention in an increasingly unstable global world for women and girls

although longitudinal social network data are increasingly collected there are few guides on how to navigate the range of available tools for longitudinal network analysis the applied social scientist is left to wonder which model is most appropriate for my data how should i get started with this modeling strategy and how do i know if my model is any good this book answers these questions author scott duxbury assumes that the reader is familiar with network measurement description and notation and is versed in regression analysis but is likely unfamiliar with statistical network methods the goal of the book is to guide readers towards choosing applying assessing and interpreting a longitudinal network model and each chapter is organized with a specific data structure or research question in mind a companion website includes data and r code to replicate the examples in the book

the sage handbook of research methods in political science and international relations offers a comprehensive overview of research processes in social science from the ideation and design of research projects through the construction of theoretical arguments to conceptualization measurement data collection and quantitative qualitative empirical analysis expositied through 65 major new contributions from leading international methodologists each chapter surveys builds upon and extends the modern state of the art in its area following through its six part organization undergraduate and graduate students researchers and practicing academics will be guided through the design methods and analysis of issues in political science and international relations part one formulating good research questions designing good research projects part two methods of theoretical argumentation part three conceptualization measurement part four large scale data collection representation methods part five quantitative empirical methods part six qualitative mixed methods
